Research on Electric Scooter and Bike Rental/Leasing Companies in Bengaluru

The objective of this research is to identify companies in the Bengaluru area that rent or lease electric scooters and bikes. The primary focus is on businesses that support delivery riders, fleet businesses, and last-mile delivery services. The research includes information such as EV models, rental prices, deposits, battery and charging facilities, addresses, contact details, websites, and delivery support. The information was collected from online sources and checked according to the requirements of the research. Only companies whose available online information matched the research criteria were included. This study is useful for identifying suitable EV rental and leasing companies for delivery and fleet operations in Bengaluru.

1. EVCure

Company & EV Model: EVCure – Ather 450X (3.7 kWh), Ola S1 Pro (4 kWh), TVS iQube (3.4 kWh), and commercial multi-brand delivery scooters.
Price & Deposit: Starts at ₹200/day; daily and weekly subscription plans with minimal or zero deposit for verified gig riders.
Battery & Charging: High-density lithium-ion battery packs ranging from 2.9 kWh to 4 kWh. Operates through neighbourhood micro-hubs with instant battery swapping, SOH (State-of-Health) diagnostics, and fast-charging points.
Bengaluru Address: Multi-hub coverage across Rajajinagar, Vijayanagar, Yeshwanthpur, Basavanagudi, HSR Layout, and Koramangala.
